

# Tuality Healthcare

## World-class health care ... close by when you need it

With two hospitals, and a range of outpatient services and doctors' offices located throughout the region, Tuality Healthcare provides expert medical services right in your neighborhood.

We use some of today's latest technologies and techniques for diagnosis, treatment, surgery, and rehabilitation. And all are offered in our friendly, comfortable surroundings, and with an unexpected level of personal service.

Tuality's nursing and support staff are dedicated and compassionate professionals who take the time to get to know you and listen to your concerns.

If you're used to healthcare in a large, impersonal environment, then we think you'll be pleasantly surprised by the Tuality experience.

Part of the community for generations  
Most Tuality employees have roots in the community, and all work to make you feel

at home. It's a difference you'll notice from the first time you walk in our doors.

We have been a part of western Washington County since 1918, when Tuality's predecessor—Jones Hospital—was first founded in Hillsboro.

## Meeting diverse health needs

Tuality provides a wide range of services right here in the community to meet your healthcare needs and help keep your family healthy. Here's just a sample ...

Tuality's cardiovascular services include open-heart surgery performed in one of the world's most advanced surgical suites. Plus, we offer complete diagnosis and treatment options, including cardiac X-ray, angioplasty, stent placement, rehabilitation, and more.

Our comprehensive **cancer services** include the latest technologies in diagnosis and surgical and medical treatment, including radiation therapy at the Tuality/OHSU Cancer Center and chemotherapy through Tuality Hematology & Oncology.

Plus, we offer complete breast health services to assist women with prevention, diagnosis and treatment of breast cancer.

Expert **childbirth care** is provided in our well-equipped but home-like birthing suites. These comfortable, private rooms offer individual whirlpool baths, and daybeds for fathers, support persons or family members.

Free and low-cost **health classes and support groups** can help with weight management, depression, CPR training, diabetes education, childbirth preparation, and much more.

## Need emergency or urgent care?

Tuality's hospital emergency departments are fully staffed around the clock to give you and your family thorough medical attention during a sudden health crisis when time is of the essence.

The urgent-care facility is staffed by primary-care providers and is open seven days a week, including most holidays, with extended hours into the evening.

Compassionate care | The latest technology | Close to home

**Tuality Healthcare**  
Building a healthier community.
