2011 - 2012 Presenting Sponsor

Hillsboro is a dynamic community! The constant reshaping entailed by that fact presents many challenges and opportunities for those who live and work in the Greater Hillsboro area. Keeping our community vibrant and healthy requires insightful leaders who have the ability to communicate and work effectively with a wide variety of groups. LEADERSHIP HILLSBORO is designed to facilitate the development and growth of the leaders of tomorrow and provide an excellent opportunity to interact with different community members as the Leadership Hillsboro class explores community issues.

GOALS OF LEADERSHIP HILLSBORO

- To develop awareness of the Washington County/Hillsboro area - its challenges and opportunities.
- To form a network of informed, concerned citizens who can help guide the future growth of our community.

- To educate and motivate leaders to greater involvement in the community.

The second year of the leadership program provides the chance to practice and apply the experience of the first year. Each participant is given the opportunity to select one of the eight topic days, and together with the other members of their committee, create what they believe are key attributes of a Leadership day. This is done under the guidance of the Leadership Advisory Council and staff of the Chamber.

The experience will allow the graduates to gain direct contact to Hillsboro's existing leadership by working with them as they plan. They will explore first-hand our community issues and how each graduate can become part of the greater whole. Each committee will be encouraged to practice leadership and effective team roles.

The second year provides the crucial step in moving potential leaders into effective community Leaders!
